## LINES DOWN, RAIL BEDS WASHED OUT IN HEAVY STORMS

LA CROSSE DISTRICT IS SWEEPED BY WIND AND HAIL. WEATHER COOLER

Relief Rushed to Areas Hit by Sunday Storm; Almost Score Dead.

St. Paul—Reports of a severe storm in southeastern Minnesota, southwestern Wisconsin and northwestern Iowa trickled in Tuesday over shanty towns and villages from other sections of the northwest. Wind of clear, cool weather which aided in bringing relief to stricken areas affected by Sunday's and Monday's atmospheric disturbances, which took a toll of nearly a score of lives and hundreds of thousands of dollars in property damages.

The latest storm apparently centered in the vicinity of Dakota, Minnesota, and LaCrosse, and also hit points in Iowa, including Marquette.

Hail at LaCrosse  
Scores of telephone and telegraph poles were swept down, and communication with the district was difficult. Heavy hail was reported from LaCrosse.

Near Dakota, 20 poles and 2,000 feet of wire belonging to the Chicago, Milwaukee & St. Paul railway were torn down and part of the road bed near Dakota was washed out.

No reports of injuries or loss of life had been received early Tuesday.

Clear Up Wreckage  
In the section hardest hit by Sunday's storm—Bismarck and Adams counties in North Dakota—where six people were killed and almost a score injured, several seriously, was clearing up wreckage of farm buildings and arranging for relief to the sufferers.

Communication early Tuesday had not been established between Dwight and Abernethy, Minn., another storm area. Roofs of business houses were reported blown away at Dwight and eight houses were killed at Abernethy. Numerous farm buildings were wrecked.

Struck by Lightning  
An additional death reported Tuesday, with reports of communication to east central Minnesota, was that of a young boy of the King family at Sturgeon, who was struck by lightning Sunday night.

Twenty barns and other buildings were blown away near Hinckley, Minn.

BUILDINGS WRECKED, TREES UPROOTED BY TORNAO  
La Crosse—Menemen worked all night and forces were augmented Tuesday in an effort to remove communications in this section of Wisconsin, following the tornado late Monday.

Dozens of buildings in the city and surrounding country were uprooted, chimneys blown down and hundreds of large shade trees uprooted by the storm, the most severe here since 1907. Rural areas suffered the greatest damage; although the electric light and street car services were put out of commission for hours as a result of broken wires and poles were damaged by wind and flood, and many roads are impassable as a result of washouts.

ADVENTIST SUMMER CAMP IS LEBELED BY WIND  
Fond du Lac—Mrs. M. W. Faska, Milwaukee, was injured and \$3,000 damage was wrought Monday night when a severe wind storm wrecked the summer camp of the South Wisconsin conference of the Seventh-Day Adventists at the county fair grounds.

Panic ensued when the main tent, worth \$1,800, was ripped to shreds by the wind. Fifty tents were torn up, while the camp workers struggled amidst a cloudburst. She camp will open Thursday night as scheduled.

Through the southern part of Fond du Lac county, the storm left a trail of wreckage, consisting of uprooted trees, razed barns and silos. Windows were literally blown out of farm homes, and persons were killed and injured. Lights in Delavan were out all evening.

Three hundred phones were disabled in this city, and Oakfield was cut off from light for three hours.

LIGHTNING BOLTS STRIKE PARK HOUSE AND SILO  
Delavan—Lightning struck in two places near here Monday night, during the height of the electrical storm.

Slight damage was done to the roof of the James C. Park house. The family extinguished the blaze with the garden hose. Windows were broken in the silo on the C. G. Killians farm, when lightning struck the cement structure. Lights in Delavan were out all evening.

The rain greatly benefited the crops.

DIPHtheria LID IS ON AT ALBANY

Albany—Two deaths from black diphtheria have been reported in the quarantine in this village until next Monday by the village board. All children under 16 are required to remain on their own premises and all public meetings are barred.

Funeral services were held Friday for Gaylord Krestue, 10, son of Mr. and Mrs. C. J. Krestue, the second victim of the disease in two weeks.

John Thornton died June 12. Two new cases were reported Monday in the village and there are several outside the village limits.

## LAWLESS DRINKING SHARPLY ATTACKED BY NATION'S CHIEF

By DAVID LAWRENCE

Copyright, 1923, by Janesville Daily Gazette.

Denver—President Harding appealed to the American people to stop drinking intoxicating liquors. And the president went further than that he has ever gone in his prohibition speech, arguing that there are literally American millions who resent the lawless practices of a few, and rebel against the denial to the vast majority.

Mr. Harding made himself a 100 percent dry politically and otherwise in his formal address at Denver and while he did not mention Prohibition, he made it very plain that he thought the president's final speech that he is absolutely convinced the Eighteenth Amendment will never be repealed, that neither political party.

## PRELATE WILL BE FREED BY SOVIET

By ASSOCIATED PRESS.

Moscow—The supreme court has decided to release Archbishop Tikhon, pending his trial on the charge of resisting the soviet authorities, it was announced Tuesday.

The decision is the result of the letter which government circles recently announced the former patriarch had written from his prison cell expressing regret for his past actions and declaring his readiness to swear allegiance to the soviet government.

A Reuter's dispatch from Riga says it is generally believed in the Latvian capital that Archbishop Tikhon, former patriarch of all Russia, was in state of mental irresponsibility, due to torture when he was induced to sign a letter to the soviet authorities before the convention of Winchester clubs. Tikhon is numbered 100 a day are coming into the country surreptitiously, Secretary Davis said.

## WOULD LIST IMMIGRANTS

Chicago—Enrollment of alien immigrants and the adoption of simplified naturalization system, whereby they may all become American citizens, was advocated by James A. Davis, secretary of labor, in an address here before the convention of Winchester clubs. Tikhon is numbered 100 a day are coming into the country surreptitiously, Secretary Davis said.

In the beautiful auditorium of the Janesville High School the Wisconsin State Bar Association began its annual meeting Tuesday afternoon with an address of welcome by President J. K. Jensen of the city council, followed by the annual address of the president, William F. Shea of Ashland. In the city which was the home of the first Chief Justice of the Supreme Court of the state, Edward V. Whiton, the lawyers of Wisconsin were given a hospitable and hearty welcome. The hospitality of the Rock county bar is automatic in the state and every precedent proves the contention without filing a brief. It is common knowledge Wisconsin is the home of the bar and the group of men with high ideals which compose it. The program of the association is filled with evidences of its high purpose in the discussions and papers and addresses are more than usually interesting in subject matter.

## DELEGATES BEGIN TO ARRIVE

Delegates and visitors to the annual convention of the Wisconsin Bar Association here June 26, 27 and 28, began to arrive early Tuesday morning. Registration was light at hotels, Chevrolet clubhouse and the high school until later in the day when many who came by automobile arrived. The first session was held at 2 p. m., when most of the delegates planned to register. Welcoming addresses and reports were to feature the Tuesday afternoon session.

Those who had registered at the high school shortly before the first session started Tuesday afternoon were:

John Harrington, E. B. Brossard, Arthur A. MacLeod, Madison, and Miss Gladys Langdon and Marjorie Howe, also of Madison, in charge of registrations.

J. G. Hardgrove, Frank Boesel, Fred E. McGovern, W. J. Buckley, Max Shoetz and wife, all of Milwaukee.

C. F. Burpee, City Attorney Roger Cunningham, Jesse Barle, Francis Gant, John M. Whitcomb, Oshkosh; W. T. Doar, New Richmond; T. L. Doyle and Mrs. R. L. Morris, Fond du Lac; and Christian A. Christianson and Miss W. Christianson, Janesville.

The following were among the early arrivals at the Grand hotel, other than some of those mentioned above:

John Martin, Green Bay; C. L. Stephens, Milwaukee; John F. O'Brien, Baraboo; Judge Martin Wade, Iowa City, Ia.; and Gilson Glasier, Madison.

Those who are donating use of automobiles are asked to have them at the high school at 9 a. m. Wednesday morning to take delegates to the Beloit Country club. They need not remain there, but may return immediately.

Delegates were greeted immediately upon their arrival in the city, whether they came by auto or on any road into the city, or by train. The cards bearing "Welcome Wisconsin State Bar Association" were conspicuous in all parts of the city.

Many Social Events  
The social side of the bar association meeting will not be neglected. Beginning with the reception by the local judges to visiting judges and guests at the home of Mr. J. K. Jensen, Tuesday evening, there will be a series of lunches and entertainments outside the regular program of business. A luncheon at the Beloit Country club and amusement night sports there Wednesday; a luncheon at the Country club, Janesville, Thursday, and closing with a banquet at the club Thursday night.

Which M. G. Jeffris will be toastmaster.

## HANSEN FINED ON LIQUOR CHARGE

Found Not Guilty of Wixom Manslaughter Charge, Youth Pays \$100 on Another.

With Francis E. McGovern, Milwaukee, former governor of Wisconsin in the city to attend, the convention of the Wisconsin Bar association this week, fine disposition was effected in municipal court Tuesday of the manslaughter case against Irving Hansen, Milwaukee, following the death of Oscar B. Wixom here on May 2.

Mr. McGovern appeared as Hansen's attorney with District Attorney S. C. Dunwiddie representing the state. In order that Hansen never be arrested again on this manslaughter charge, an involved procedure was carried out.

## Railroads Bombed by Ruhr Germans

By ASSOCIATED PRESS.  
Wiesbaden, Germany—Bomb throwing has been resorted to in an effort to deter German civilians from patronizing trains controlled by the French.

A bomb was thrown early Tuesday into the waiting room of the Wiesbaden station, where a large number of civilians were awaiting a train.

The explosion injured three persons seriously and caused considerable damage.

## FOUR GERMANS KILLED BY BELGIAN SENTINELS

By ASSOCIATED PRESS.  
Duer, Germany—Four Germans were shot and killed and three others wounded by Belgian sentinels here Sunday.

Three of the Germans were killed by a patrol in a section of the town where travel had been forbidden as the result of the killing of three Belgians.

The three persons who were wounded were struck by bullets while walking the streets after curfew.

Madison—A bill by Assemblyman C. E. Hanson, requiring all persons vending articles on streets first to acquire a license, was vetoed by Governor Blaine Tuesday. The governor said this law would mean that those who set up a lemonade stand on the street corner on national holidays and festival days, must pay \$10 for the privilege.

## PENALTY CLAUSE FOR CULLEN IS ASKED BY BOARD

\$15,000 FOR FAILURE TO COMPLETE CONTRACT ON TIME.

FIVE TO TWO VOTE

Board Receives Architects' Report and Passes Payment Up to Council.

John P. Cullen & Sons are not to be released from the penalty clause in the contract according to the school board's report passed by a five to two vote at the special meeting held Monday afternoon.

It is up to the city council to say whether proceedings will be taken to collect the penalty or the matter be allowed to drop.

The school board listened to the report of the architects on the report of the arbitration committee and the figures as stated in the Gazette and explained, were established as a part of the official records.

In the matter of the penalty it is held that John P. Cullen & Son failed to complete the building in the time specified in the contract.

Contract called for completion August 1, 1922, and completion occurred Feb. 1, 1923, making the penalty \$15,000. Commissioner Jesse Barle, in making the motion, said he understood some statements (Continued on page 5.)

## THREE INURED AS CAR IS DITCHED

60-Mile-an-Hour Race on Highway Ends in Hospital Bed.

## GRATNOT CATHOLIC CHURCH BURNED AS RESULT OF BOLT

THREE FIRE DEPARTMENTS BATTLE IN VAIN AT BLAZE.

LOSS IS \$54,000

Farm Buildings in Southwest Part of State Suffer from Lightning.

Three fires with an aggregate loss of \$54,000 and damaged telephone and electric light service were caused by a brief electric storm that struck southern Wisconsin Monday night, breaking up the most severe heat wave in recent years.

Lightning struck St. Joseph's Catholic church at Gratnot Monday night, completely destroying it with a loss estimated at \$14,000. Insurance amounted to \$30,000. Burned out telephone toll lines made it difficult to procure details. The same church had been hit twice before. Two years ago it was partially destroyed.

Three Departments Answer  
The fire departments of Darlington, Shullsburg and South Wayne responded to a call for help, but could not save the structure. The steamer of the Darlington company was stuck in the mud on the way.

Lightning struck the steeple of the church, a solid brick structure and one of the finest Catholic churches in the locality. The steeple, which could not get to the blaze with their hose.

A few inmates were saved.

Farmers Are Struck  
Lightning struck the home of Gus Burgess, a farmer living near Darlington, burning it to the ground. Loss was \$4,000.

The barn on the Ollie Knutson farm, two miles out of Janesville on the Edgerton road was struck. Damage was \$10,000.

Telephone service with Delavan, Lake Geneva, Milton Junction, Darlington, Mineral Point and Benton was interrupted Monday night by electrical damage. Lightning struck the telephone company's cable on Pleasant street. In the city, 25 homes were without telephone service Monday night, because of the storm.

## NAME JUDGES FOR 1923 STATE FAIR

Premium Offers Total \$126,146—Cattle, Swine and Sheep Judges.

There will be a total of \$126,146.25 offered in premiums at the 1923 Wisconsin state fair held in West Allis, Wis., from June 27 to July 2nd, 1923. Premiums are out and can be obtained from Secretary Oliver E. Remy, West Allis.

The total offered on horses is \$23,105; on cattle, \$23,504; sheep, \$1,051; swine, \$12,551; poultry, \$2,285. With good prizes for the farm crop, fruit, flowers, bees and honey and dairy demonstrations.

Rock county will have unusual interest in the coming state fair because of the record number of entries expected to be sent from the county.

**Cattle Judges.**  
In the cattle division with R. Baker, Madison, as superintendent, the following judges will be in charge: Short-horns and Herefords, best cattle, Alfred Hyden, Abingdon, Ill.; Angus, J. G. Fuller, Madison; Milking Short-horns and Red Polls, dual purpose cattle, J. C. Nisbet, Madison; Jersey, Ward W. Stevens, Liverpool, N. Y.; Guernsey, L. V. Wilson, St. Paul, Minn.; Jersey, Ray S. Hulce, Madison; Ayrshires, A. C. Giesherhouse, Oconomowoc; Wisconsins, George Humphrey, Madison.

Entries in this division must be filed by August 1. Because of this rule the Rock county show herd animals can not be selected from the winners at the Rock county and Janesville fairs. Blank entries will be filed with the hope that good animals, overlooked in the inspection trips may be made by J. C. Nisbet in co-operation with the county breed association officers, can be exhibited at the state fair.

**The Swine Judges.**  
Ira M. J. Christ, Hudson, is superintendent of the sheep division with J. E. Webb, Southport, Ind., as judge of the fine wool breeds, and Frank Kleinheinz, the mutton breeds. James Dillon, Mondovi, is superintendent of the swine division. W. T. Harris, Morganfield, Ky., will judge the Chester-Whites, Poland-Chinas and Duroc-Jerseys. The Hampshires, Spotted Poland Chinas and Yorkshires will be judged by R. L. Pennington, Le Grand, Iowa, and L. E. Frost, Chicago, will judge Berkshires. Entries for the swine division also must be made before August 1, and exhibitors will be allowed to bring entry for the herd and group classes in any single class.

### ERADICATE DISEASES OF BEES IN STATE

Washington and Ozaukee counties are added to the bee disease clean-up areas this year, and A. H. Seefeldt, a deputy apiculturist in the state agricultural department, has started work there this month. All the inspectors are now in the field examining bees for disease. The eighth team going out this week. The entire eastern border of the state, north to upper Michigan, is being covered this season. Bee diseases are reported to be rare north of Green Bay. The most heavily infected territory includes Dodge, Washington, Ozaukee counties, where disease clean-up work has just started. Little foul-brood remains in Fond du Lac, Jefferson and Milwaukee counties. More than half the bee yards are found infected with disease when first examined, but in three years it has been possible to reduce the amount to two and three per cent.

### INSECT PESTS CAUSE GREAT CROP DAMAGE

Flies, beetles and leaf hoppers are causing extensive damage to the potatoes of southern Wisconsin, report farmers and gardeners. Spraying stopped considerable of the damage. Insect pests got off to a slow start this spring according to S. E. Frolicher, state entomologist, in his June report to the U. S. Department of Agriculture.

Root cutworms and cankerworms have attracted the most attention and caused the most damage, states the report. The cankerworms moved slightly westward and the heaviest damage occurred from Madison to Spring Green, rather than in Jefferson and Waushara counties which suffered the worst in 1922. Several orchards in western Wisconsin have been riddled by these pests.

Grasshoppers are occurring in slightly greater numbers this year than last and in about the same counties in the northeastern section of the state. Less alarm is felt as methods of control by the use of poison bran mash are now better understood, supplies on hand in many locations.

### GREEN CO. BUREAU

**PICNIC ON JUNE 28**  
George Hull, Whitewater, president of the Wisconsin Farm Bureau federation, will speak at the Green county picnic to be held at Albany, June 28. A number from Rock county will attend.

## TYPHOID OUTBREAK IS INVESTIGATED

State and City Authorities Seek to Learn Cause of Six Road Camp Cases.

Investigation by the state department of health has been started into the possible cause of the six typhoid cases discovered among workers at the road construction camp near Evansville, Dr. Hennepin, Madison, deputy state health officer, has probed conditions both at the county camp and in Janesville.

A seventh man now is under observation for typhoid germs. His report has not yet been received here.

The first of the victims, five of whom are confined to Mercy hospital, was Mrs. Arthur Messner, 210 West Milwaukee street, Janesville. It was not until Monday that she was taken to the hospital although she was stricken more than two weeks ago. Irving Lawrence, 828 South Main street, was the second victim. At about the same time he was stricken with the disease, Herman Rehnke, 1320 Racine street, Janesville, and Everett Teubert, Indian Ford, were attacked.

**Blood Test Confirms Belief.**  
When Dr. McChesney of Edgerton was called on the Teubert case he immediately suspected typhoid, although it has been six weeks since he had a case in blood test, sent to Madison, confirmed his belief.

Lawrence and another man, Frank McDermott, route 8, are being treated by Dr. F. B. Farnsworth. Lawrence was taken to Mercy hospital June 15. Rehnke was taken to the hospital June 22, and McDermott on Sunday. Another victim, Charles Carpenter, was brought to the hospital Sunday.

He is under the care of Dr. W. H. Palmer.

**Originated from Wells.**

Dr. McChesney expresses the belief that the trouble may have been caused by drinking water from either of two wells. These wells, he says, are shallow and are near marsh land.

It was feared at first that Lawrence, who lives near the old Bub brewery on South Main street, may have contracted the disease there and taken it to camp. Although this is not now believed so, since Mrs. Messner got it first, a thorough investigation was made of where the lad lived.

Dr. Welch investigated. Dr. Fred B. Welch, city health officer, in co-operation with Dr. Hennepin of the state health department, made a complete analysis of the drinking water at Lawrence's home and to procure reports from attending physicians. I have not heard from Dr. Hennepin, so I do not know what decision he has made as to the cause.

There is some belief among attending physicians that the disease may have been caused by contaminated meat. Another theory is that the germs were carried by flies.

Come to Janesville July 4th.

## Blind Inventor Among Visitors to Convention

Among those who have been attending the convention of workers for the blind at Janesville is Frederick Pendergast, Cambridge, Mass., known as the "blind inventor." Mr. Pendergast's inventions cover a wide field of devices, he having spent more than 25 years experimenting in the field of profitable industry for the blind.

Working with yarn, especially with mops, Mr. Pendergast says he feels in the best kind of enterprise for the blind people, whether they work as individuals in their homes or in groups as factory employees. The making of mops, he says, is easy to learn, entails little wastage of materials and requires inexpensive equipment, while the finished product sells readily at a fair profit.

Mr. Pendergast's mop was the basis of the Massachusetts state commission for the blind, and its workshop industries for the blind. It is the only industry for blind people which has constantly paid a good net profit.

The mop is a flat mop, used mostly in janitor work. Mr. Pendergast is demonstrating at the Wisconsin state school for the blind a new type, wherein the yarn is drawn tightly against a groove in the end of the handle by wire, said to be a remarkably simple sanitary article.

The schools for the blind in several eastern states have started the manufacture of these mops and several others are said to be preparing to make them. Mr. Pendergast has five patents on mops and four on brooms, all of which he holds for the exclusive benefit of blind people.

He has several patents of a different nature said to be valuable and interesting. One is a device for the salvage of ships, even when wrecked in deep water, and submarine navigation and driving device, in which four or five men may descend to a greater depth to examine wrecks and aid in raising them, and to explore below the surface of a body of water.

Another of Mr. Pendergast's inventions is a wind motor which operates on a horizontal plane, and is built of iron and concrete on so large a scale that electrical power may be developed to about one thousand horsepower in a ten mile wind.

## Foley Wanted for Theft in Beloit

Frank Foley, 27, Janesville dope addict who escaped from the psychiatric hospital at Mendota Friday, is wanted for a drug store robbery in Beloit, it developed this week. Local police were notified of the theft of 55 grains of morphine and 350 grains of opium from a drug store in that city and Foley is suspected of having pulled the job. Foley was arrested in Monroe Thursday after he had robbed a doctor's office of dope and money. He was committed to Mendota but escaped in his pajamas and is understood to be still at large.

### PREPARE PLAYGROUNDS FOR OPENING JUNE 30

All equipment on beaches has been practically completed, and is much in use this extremely hot weather. V. B. Klontz, director of playground and beach work for the summer, is now working on playground equipment, together with his assistants.

New teachers are being erected at Washington and Adams grounds and some repair work is in progress at the Webster tennis court. It is hoped that by the time the grounds open Saturday, equipment will be in better shape than for several years.

The ye plant strikes, which promise to be the biggest attractions of the summer, will not arrive for a week or more.

## M'Dowell Club in Pleasing Concert Before Convention

By WINFIELD ALEXANDER.  
Lawrence Conservatory of Music.  
Unqualified praise was accorded the Maudowell club for the program presented Saturday evening before the convention of the American Association of Workers for the Blind. The concert was highly artistic throughout as well as entertaining. The splendid balance of the program and the finish with which it was rendered is ample proof of the Maudowell club's high standards.

Mrs. L. W. Malmberg won many admirers with her rich beautiful voice in the opening number. A two piano number, Value and Polonaise by Arenski, played by Mrs. W. T. Sherer and Miss Grace Murphy and a violin duo played by Mrs. Eber Arthur and Mrs. Bruce Stone deserve special mention for the ensemble artistry exhibited.

Miss Belva Sorenson, who played the accompaniments for the evening, delighted her audience with a reading in which she interpreted two old people receiving a phonograph from the daughter "in fur" in Paris. A group of songs by Mrs. Stewart F. Richards and a pipe organ and piano number by Miss Ada Pond and Miss Murphy completed the program which will be remembered as one of the best of the convention.

### BOOSTER SIGNS ON HAND AT C. O. C.

The Chamber of Commerce has a number of large signs suitable for carrying on spare tire racks in the rear of cars, advertising Janesville's celebration July 3 and 4. Harold J. Dane, publicity chairman, urges those contemplating trips out of the city to visit the Chamber and obtain them.

## WANTED

The name of a dealer who says that any imitation is like Palmolive Soap. Not for prosecution, but to correct him—for the good of all concerned.

Common soaps are colored, shaped and named to make folks think they get Palmolive virtues in them. But they do not bring what you seek—what you buy Palmolive for. They are nothing like Palmolive.

Stop and think. There are countless soaps. But Palmolive has become the leading toilet soap of the world.

It brings envied complexions. Then users tell others about it. Millions of beauty lovers now employ it daily. All because of a palm and olive oil blend which our experts alone have perfected.

Now some makers try to deceive you. They make soaps to look like Palmolive, with a name of some similar sound. Just because women prize Palmolive. They want the benefits it brings. So the way to sell you common soap is to make it seem Palmolive.

If Palmolive is the soap you want, be careful that you get it. This is the soap that won world-wide fame by fostering fine complexions.

This is the quality soap—a 25-cent quality—which volume produces for 10 cents, so all folks may enjoy it.

This is the oil blend that does for your skin what every woman wants. If you ever find a better soap, get it. A soft, rosy skin is worth any price you pay.

But avoid deception. Don't buy an ordinary soap made to look or to sound like Palmolive. That cheats you of something you prize. Look at the name and wrapper.

## The New Self-Hanging Vudor Ventilating Porch Shades

To get real, continuous, every-day, all Summer long pleasure from your porch, it must be protected from the Sun. This is evident to all of us—but simply protection from the sun does not make your porch habitable—far from it. You must have ventilation. The hot air must be removed from the top of the porch.

**The New Patented VUDOR VENTILATING SHADE**

permits the hot air to escape from the top of the porch through a wide open VENTILATOR woven in the shade itself at the extreme top, where the sun cannot shine in upon you. This Vudor woven-in-the-shade Ventilator automatically clears the porch of impure hot air and permits a continuous, gentle circulation of air without drafts.

**The Only Shade Made With A Ventilator**

**SELF-HANGING Vudor VENTILATING PORCH SHADES**

## The New VUDOR Self-Hanging Device

enables you to hang a shade in five minutes—not a screw used. The old way of attaching a shade to the porch with screws took twenty minutes or more. With the new Self-Hanging way you can unhook the shade in the Fall—if you wish—and rehang it in the Spring in less than two minutes and this doubles the life of the Shade.

Let us demonstrate the new VUDORS for you.

# Dynamite and Printer's Ink

*Two mighty forces unite in broadcasting news of the most important sale ever inaugurated by any clothing store in Janesville.*

By JAMES E. GROAKE  
President The Varsity

**C**HARGED with dynamite and conveyed to you through the use of printer's ink, this announcement is a smashing blow to conventional present-day merchandising methods, and marks the beginning of an era of newer and better things.

Thursday morning—June 28th—every Suit and Overcoat Furnishing and pair of shoes in our store, will be placed on sale at reductions so radical as to positively assure a speedy transfer of ownership from this firm to the public.

As an institution of considerable prominence—cherishing ideals and proud of its accomplishments—it is illogical to assume that this firm would resort to a mere selling scheme, or adopt this method of creating extra business for the moment. On the contrary, it is simply a housecleaning—preparatory to blazing the trail that leads to higher merchandising ideals—about which you will learn more after our present large clothing and shoe stocks have been disposed of.

Always, The Varsity has sold good clothes and good shoes—the cleverest creations of America's foremost designers, made by the world's leading manufacturers. The clothes and shoes offered in this drastic, purposeful clearance are typically ours; they are as good as any, and better than most of the clothes obtainable elsewhere. Yet, every garment and pair of shoes in our store must be disposed of immediately—regardless of cost, profit or former selling prices—in order that we may speedily inaugurate our new merchandising plan, the influence of which will be felt throughout the length and breadth of this part of Wisconsin.

We regret that it seems inexpedient at this time to tell you more about our far-reaching plan; but you shall know all, later. We can tell you this much, however; it is representative of a new order of thinking as regards both the manufacturing and retailing of men's and young men's clothing and shoes. In truth, it is revolutionary in character, and a thing the public has long been seeking—for not only does merchandise and service enter into this important plan, but human nature as well, in all of its complex and varied phases.

But our first task, friends, is the quick disposal of our present clothing and shoe stocks. So, let us tackle the task at hand. To facilitate matters, and to make selection easy, we offer our entire stock of fine suits and overcoats, shoes and furnishings, positively and absolutely without reservation, as follows:
